FOR GROWN-UPS

How it works

- Print the cards and cut them apart along the dashed lines.
- Each day from **December 1**, your child opens or picks the card for that day and does the activity together with you.
- After each activity, color one ornament on the **Countdown Tree** or the star on the **Countdown Calendar**.
- Some cards use a page in this pack (the card tells you which). Print those pages too.

Ways to hand out the cards

- Tuck each card in an envelope or paper bag and stick on a **number tag**.
- Fold the cards into a jar and pull one out each morning.
- Clip them to a string with clothespins as a countdown garland.

Make it fit your family

- Busy day? Swap cards around. The calendar shows the suggested order.
- Use the **6 blank cards** for your own traditions: a visit to grandma, a school concert, a special outing.
- Most activities use things you already have at home, and none need anything you have to buy.
- Little ones (3 to 5) will need help with scissors, the maze and reading the cards. Older kids can read the cards out loud.

Printing tips

- Print at **Actual size** / 100%. Card stock makes the cards and tags sturdier.
- Print the coloring pages one side only, and as many times as you like for your own family.
