The _____ *family · Christmas* _____

Start here

Plan it in five steps

1. **Set the number.** Decide your total holiday budget on the Holiday Budget page, then split it into categories.
2. **Make the list.** Write everyone you buy for on Budget by Person and give each person a gift budget.
3. **Plan the gifts.** Jot down ideas, then move each gift to the Gift Tracker with its price.
4. **Track as you buy.** Log every purchase on the Expense Log and every online order on the Order Tracker.
5. **Wrap up.** Use the wrap & ship checklist, send cards, and write thank-yous. Then fill in the year-end review for next year.

Printing tips

- Print at "Actual size" or "100%".
- Print only the pages you need, and extra copies of the Gift Tracker or Expense Log if you have a long list.
- Works in color or black and white. Print the gift tags on card stock.
- Keep the pages in a folder or binder, out of sight of curious eyes!

The budget rule that works: decide the total first, then each person's amount. When a gift costs more than planned, take the difference from someone else's line or from "Other", so the total never moves.
